DOES THIS MOPED OR ONES LIKE IT SEEM FAMILIAR??

IT SHOULD DO!!!!!!!

No matter what time of year or even for that fact what year it is!! We continue to receive calls from residents regarding people riding mopeds around the estate in an Anti Social manner. This has long been an issue which time and time again we found ourselves questioning how we can eradicate this issue! Though quite simply, we can’t….However, in the words of Bob Dylan “the times they are a changing” and slowly but surely residents are contacting us and I am pleased to say that this does certainly pay off as we are able to occasionally identify the location of a moped and seize it.

We’re always happy when you contact us with information that can lead to the seizure of a moped and ask you to continue contacting us and all information will be kept confidential. With your help we certainly won’t stop it completely, but will start to reduce the incidents.

**We understand that burglary can be financially costly and emotionally devastating to victims. However, by taking just a few simple measures you can dramatically reduce the chances of it happening to you. From marking personal property to locking up gardens sheds, all reduce the opportunities for theft.**

**Leaving your home** - When you leave your home it’s important to ensure you leave it as secure as possible. Getting into an ‘exit routine’ can help ensure that you don’t forget obvious, but important things, like not leaving your valuables near windows. Here’s our quick reminder on what to do when you leave your home.

- Close and lock all your doors and windows, even if you are only going out for a few minutes.
- Set your burglar alarm.
- Make sure the side and/or back gate is locked.
- Lock your shed or garage.
- Make sure that any valuables are not in sight.
- Put keys out of reach of letterboxes.
- In the evening, shut the curtains and leave some lights on.
- Never leave car documents or ID in obvious places such as kitchens or hallways.

**Vulnerable Adults**

Are you aware of any potential vulnerable Adults within your local community? There are many options available if you believe a neighbour to be vulnerable, such as contacting your Borough Council, Local Policing team and a variety of organisations advertised on the internet. We would actively encourage all residents to contact the relevant agency if you feel that a resident needs support.

**REMEMBER**

There are a range of circumstances when you need to call Police for assistance. This could be due to a crime happening or simply seeking advice and guidance!! We have two contact telephone numbers….

999 - For Emergency calls
101 - For Non Emergency calls
